

SimpleStitch™ Suturing System

Bringing surgery to endoscopists and endoscopy to surgeons

Unique
Endoscopic
Suturing System
offering multiple
options for both a
gastroscope and
colonoscope

SimpleStitch™ Suturing System

Benefits of the SimpleStitch Suturing System:

- Simple to use: The easy-to-operate handle and circular needle allow for an intuitive suturing technique
- Easy setup
- Ability to deploy running and interrupted full-thickness stitches
- Unique cinch design for knotless fixation at any location along the suture
